

I was overwhelmed with my injuries caused by mal practice. I didn't know where to turn till I met with George at Shrivvers, Gosnay and Greatrex, LLC Law firm. I was very impressed with their expertise and knowledge throughout my case. George and Gregg really listened and were responsive to any questions I had. The stress in the court room was at a minimum with having them right there with me. I am fortunate that I had such a talented team standing behind me. I would highly recommend this Law firm to my friends and family.
